**THIS COULD HAPPEN ANYWHERE.
CHECK YOUR RECEIPT
BEFORE LEAVING THE CHECKOUT.**

It happened to a customer at Wal-Mart, I bought a bunch of stuff, over \$150, and I glanced at my receipt as the cashier was handing me the bags. I saw a cash-back of \$40. I told the cashier I didn't request a cash back and to delete it. She said I would have to take the \$40 because she couldn't delete it. I told her to call a supervisor. The supervisor came and said I'd have to take it.

I said NO! Taking the \$40 would be a cash advance against my Discover Card and I wasn't paying interest on a cash advance. If they couldn't delete it then they would have to delete the whole order. The supervisor had the cashier delete the whole order and re-scan everything.

The second time, I looked at the electronic pad before I signed and a cash-back of \$20 popped up. At that point, I told the cashier and she deleted the cash back before completing the transaction. The total came out right. The cashier said that the electronic pad must be defective.

(Yeah, right. Obviously the cashier knew the electronic pad wasn't defective because she never offered me the \$40 at the beginning.)

Can you imagine how many people went through before me and at the end of the cashier's shift how much money she had pocketed? Please, check your receipts right away when using credit or debit cards.

CHECK RECEIPT BEFORE LEAVING CHECKOUT.

HELP WANTED / HELP NEEDED

We are starting a new column in the Perky Post —

The purpose is to make Perky members aware of the areas where the club needs help.

We will be advertising club positions where a replacement is desired or other areas where help is needed.

The Perkys are the most active Square and Round Dance club in our area because Perky members have always supported our club. Let's keep the support going.
